## **ADDENDUM # 2**

**January 9, 2011**

### **Design-Build Heard County FS#6 – Glenn RFP**

**Proposal Closing Date: Friday, January 13, 2012**

**Time: 4:00 pm**

**The purpose of this ADDENDUM #2 is to provide the following information which is tantamount to the information provided to date within the subject RFP. Heard County is requesting that Offerors address additional items within their submission. Please refer to the existing Heard County Fire Station #2 when considering the following:**

1. Increase the square footage of the weight room. Possible ways this could be accomplished is by decreasing the hallway size and/or decreasing the handicap bathroom in the front of the station.
2. Move the doorways in the weight room and mechanical/utility room to the corners to increase wall usage.
3. Move the sprinkler standpipe from the front bathroom to the mechanical/utility room.
4. Add florescent lighting to the living room.
5. Add two dedicated 30amp circuits in the ceiling of the engine house for shore lines.
6. Look into the reasoning for the HVAC units freezing up in the attic.
